Professional Summary

Motivated **full-stack software developer** with hands-on experience in **JavaScript, React, HTML/CSS, API testing, and SQL** through LaunchCode's rigorous training program. Passionate about writing **clean, maintainable code** and collaborating on impactful projects. Adept at troubleshooting, code reviews, and agile development practices.

Technical Skills

Languages & Frameworks: Java, Spring Boot, JavaScript, React, HTML, CSS, SQL

Databases: MySQL, PostgreSQL

Development Tools: IntelliJ IDEA, Git, GitHub, VS Code, Postman

Core Concepts: OOP, Classes & Objects, Inheritance, Method Overloading, Unit Testing (JUnit), Error Handling, REST APIs, MVC Architecture, Security Best Practices, API Testing

Other: Agile/Scrum basics, API integration, Full-Stack Development, AI Fundamentals

Relevant Projects

Weather Dashboard API Client (Java, OpenWeatherMap, HTTPClient, Jackson)

- Built a **Java console application** to fetch and display current weather conditions using **OpenWeatherMap API**.

- Implemented **HTTP requests, JSON parsing with Jackson, and error handling.**
- Supported multiple cities, temperature units (°C/°F), and a simple console-based menu for navigation.

Chesterfield Academy — Preschool/Daycare Website (*React, Vite, Bootstrap, Props, Routing*)

[[Jayshree009/Unit_1_Project-Jayshree-Ubarhande](#)] | [<https://monumental-piroshki-4a1b30.netlify.app/>]

- Designed and built a **responsive React website** featuring **home, about, programs, teachers, and booking form** pages.
- Utilized **React Router**, props, reusable components, and Bootstrap to enhance **user experience and maintainability.**
- Deployed the project on **Netlify** and integrated version control using **GitHub.**

Professional Experience

SQL / ETL Developer at PNC Financial Services

(May 2024 – Nov 2024)

- Created and optimized SQL queries for data analysis and reporting.
 - Assisted in building ETL pipelines to extract, transform, and load data from multiple sources.
 - Improved query performance and resolved data mismatches in large datasets.
-

Bank of Baroda — Banker (2011 – 2016)

- Managed customer accounts, financial transactions, and compliance processes.
 - Delivered exceptional customer service while handling day-to-day banking operations.
 - Collaborated with cross-functional teams to improve operational efficiency.
-

Education & Training

LaunchCode — Full-Stack Software Development (*In Progress*)

- Java, Spring Boot, React, SQL, API Testing, Unit Testing, Security Best Practices, AI Fundamentals
- **MBA — Webster University (*Expected 2026*)**
- Coursework: Business Strategy, Data Analytics, Project Management.

Bachelor's Degree — Computer Science

Dr. BAMU, Maharashtra, India, 2007
